

## **MARKED UP VERSION OF CHANGES**

### **IN THE SPECIFICATION:**

One embodiment of the present invention provides a plurality of microspheres made from a biodegradable polymeric matrix. The biodegradable polymer may be selected from the group consisting of [polyacetic] polylactic acid, polyglycolic acid and a co-polymer of polyglycolic and [polyacetic] polylactic acid.

### **IN THE CLAIMS:**

9. (Amended) The composition of claim 8, wherein the biodegradable polymer is selected from the group consisting of [polyacetic] polylactic acid, polyglycolic acid and a co-polymer of polyglycolic and [polyacetic] polylactic acid.
37. (Amended) The method of claim 36, wherein the biodegradable polymer is selected from the group consisting of [polyacetic] polylactic acid, polyglycolic acid and a co-polymer of polyglycolic and [polyacetic] polylactic acid.
